

Sad Songs Of Hope

1.

**I catch the rainbow, the stars and moon in the sky
I know I'm a dreamer, always ready to fly
I'm riding the clouds and the tales of the comets above
A choir of angels is singing ballads with love**

Bridge

**I try - to escape the envy and hate
And I - don't wanna accept my fate**

Chorus

**When I'm alone and can't stand the pain
I'm listening to sad songs of hope
Without umbrella a walk through the rain
Singing sad songs of hope**

2.

**I'm fighting the windmills, the shadows, even my own,
People they call me the craziest guy in the town
I'm only a poor boy who's searching a calm place of
peace**

I hope I will find it before - I decease

Bridge

**I try - to escape the envy and hate
And I - don't wanna accept my fate**

Chorus

**When I'm alone and can't stand the pain
I'm listening to sad songs of hope
Without umbrella a walk through the rain
Singing sad songs of hope**
