

Where's my home

1. Strophe

**Where's the place, the place that we
call home,**

**Where is the place, the place to cure
my bones**

**Where is the place, where I can stay
alone**

**Where is the place, the place secured
with stones**

2. Strophe

**Where is the place, no one destroys
my dreams**

**Where is the place, to find my inner
peace**

**Where is the place, where I am
growing old**

**Where is the place, I'll never feel so
cold**

Bridge

**Maybe I'm foolish, a dreamer in a
shadow land**

**Maybe I'm too romantic, a bag of
hope in my hand**

Chorus

Where's my home?

3. Strophe

**Where is the place, where no one
needs to cry**

**Where is the place, where love will
never die**

**Where is the place, where weapons
make no sense**

**Where is the place, to live in
innocence**

Bridge

**Maybe I'm foolish, a dreamer in a
shadow land**

**Maybe I'm too romantic, a bag of
hope in my hand**

Chorus

Where's my home?
