

She's A Rebel

1. Strophe

She met him twice after school

He brought her flowers, he's so cool

Her friends were warning: be no fool

She never thought he can be cruel

Bridge

Make up is hiding the slashes on her face

Her family says she's disgraced

2. Strophe

She's a victim of her heart

Her eyes are blind and full of love

Memories of youth are miles apart

He is her idol high above

Bridge

Walking the street for his lifestyle and his car

**Selling her body to strangers don't know who
they are**

Chorus

Loverboy,

Take me to heaven

Loverboy,

To cloud number seven

Solo

Chorus

Loverboy,

Take me to heaven

Loverboy,

To cloud number seven
